Pre-approved sponsors and course providers for Continuing Education (Unofficial)

The Board of Complementary Health Care Providers is proposing rule changes to include a change to Rule Chapter 5 on continuing education. The rule proposes to require the Board to create a list of pre-approved sponsors and course providers annually and to require the Board to publish such list annually. The following is an example of a pre-approved sponsor and course provider listing that will be finalized after the rules have been adopted. It is being made available at this time solely for purpose of providing individuals with a preview of a pre-approved list of course providers. It may be subject to change. The pre-approved providers list will be posted to the Board's website under the banner entitled *Continuing Education*.

Subject to the rulemaking proposal that is currently underway, specifically Board Rules Chapter 5 Section 2 (2), below is an example of the list of pre-approved sponsors and course providers, in the case of multidisciplinary sponsors and providers continuing professional education may only be claimed for activities relating to the practice of acupuncture or naturopathy. This list will be reviewed for approved annually and is subject to updates at any time.
